proxia is now an SAP Gold Partner

Spreitenbach, 26 Jan. 2021 proxia consulting group ag announced today its achievement of “Gold” status in the SAP PartnerEdge program – a clear confirmation of the Swiss consultancy business’s successful SAP commitment.

This distinction is for SAP partners who fulfill SAP requirements in terms of performance, competence and strategic orientation to particularly high standards and who show particularly high commitment in making business value available to joint clients.

“First ‘**Recognized Expertise**’ and now ‘**Gold**’ – we are very proud of receiving these two distinctions from SAP. This clearly certifies our qualifications: **Many years of experience with SAP software** centered around sales and service, and proven **competencies in adapting and innovatively extending** SAP solutions. Our customers can rely on us to create IT solutions which **best help them achieve their business goals**”, says Dr. Peter Lindtner, CEO of proxia. “As a Gold Partner we are committed to consistently demonstrating our high consultancy and problem-solving expertise, keeping our SAP knowledge up to date and taking **annual exams**. What is more, our customers benefit from **close cooperation with SAP**, giving us **access to the latest developments in SAP technologies**. In this way, we can offer our customers problem-solving competence and SAP service to the highest standards.”

proxia solutions for digital sales und digital service

Two essential fields of competence of proxia are **field service management** and **sales and service processes in the automotive business**. On the road to digital sales and digital service, **innovative proxia developments** such as the [FSM Cloud Connector](#), [proxia DBM|E](#) and [proxia VSS](#) make an important contribution towards the integration and extension of SAP solutions.
